DEF400GN

DESCRIPTION

DEF Wrap Arounds, polycarbonate spectacles is designed to protect the users eyes from flying debris during work activities. Suitable in the construction, mining, milling, engineering workshops, factories, warehouse and general industries without compromising worker safety and vision. Designed for compatibility with other PPE, such as industrial hats, hearing protectors and respiratory protective half mask devices. The spectacle is lightweight with an impact resistant anti-scratch polycarbonate lens. Can be used as overspecs with prescription glasses.

SPECIFICATIONS:

- » Polycarbonate mono lens & temples with ventilation
- » Can be used with prescription spectacles as an over spectacle
- » Amber & Green: Anti-glare lens
- » Scratch resistant lens

APPLICATIONS:

Over Specs
Visitors Glasses
Construction
Warehouses

SPECIAL INSTRUCTIONS:

Designed as re-usable protective eyewear. After use clean with a mild cleaning liquid, carefully rinse off all traces of the cleaning liquid and dry with a soft cloth and gently wipe with a soft spectacle cleaning material. Do not clean on clothing nor use abrasive cleaners.

Prior to use the spectacles should be free of any potential contaminants that can affect its intended performance. The spectacles should be inspected by the user at the end of every use and again prior to each use. Cracked eyewear must be removed from service as they will reduce eye protection and obstruct vision.
