LA146G

defCHEM®

DESCRIPTION

46cm (460mm) Flock lined nitrile glove, that protects against many solvents and oil based chemicals. High comfort, abrasion and chemical resistance. Covers up to top of elbow.

RECOMMENDATION

Suitable for use when handling chemicals in labs, cleaning, janitorial applications and environmental clean-up. Used in industries such as chemical processing, oil refining petrochemicals, food processing, auto-motive assembly, painting, fisheries maintenance and machine operation.

Flock lining serves as an insulator in addition to absorbing perspiration

Can be used for wet and dry applications
