PRODUCT SPECIFICATION
G-POLY Polytril coated Glove

GRIP

FLEX

OIL

DESCRIPTION

25,5cm (255mm) polytril glove, that is used for handling heavy and sharp objects in a greasy, damp and/or dirty environment

COMPOSITION
Black polyamide/cotton knitted glove.
Rough black nitrile coating on palm and fingers
10 gauge cotton shell
Elasticated cuff

RECOMMENDATION

A glove with good dexterity. The glove offers maximum comfort. The tight knit gives the glove perfect support, limits the penetration of dirt and offers a good touch. The ventilated back optimises the glove's breathability. The knitted and elasticated wrist gives the glove good support. Resistance: The cotton polyamide thread offers excellent comfort and provides the glove with effective properties against cuts.
